

LUNCH

at CAPE LAVENDER

Cape Lavender is set in a 75 acre wonderland of colour and fragrance, where visitors can enjoy the beautiful gardens showcasing over 90 varieties of lavender, an idyllic multi-gold plate winning vineyard restaurant, and an on-site retail outlet selling our range of health and beauty products and edible produce. Visitors can relax and enjoy the tranquility over morning or afternoon tea, lunch or a superb gourmet platter with a glass of premium wine including the world's first range of lavender wines and beer. We grow our organic vegetables and salad produce, have our own bee hives and each morning freshly bake our own bread and world famous lavender scones. We also hand make a growing range of lavender related products including biscuits, fudge, chocolates, cheesecake, honey, tea and other delicious cuisine.
